

This is to certify that the quality control procedures of

# Precon Products

Simi Valley, CA

were audited during an on-site plant inspection and have met the requirements stated in the  
NPCA Quality Control Manual

*Participation in the NPCA Plant Certification Program affirms an ongoing commitment to producing quality precast concrete products. This includes a dedication to continuous improvement in product design, raw materials, manufacturing processes, safety, employee education and customer service.*

This certificate is valid through December 31, 2009.
